LOONEY TUNES™

COLLECTION II

The gang is back! Retro tones pair with vibrant pops of color add to the variety of this collection, and designs feature fan-favourite characters in packed patterns that lend themselves to smaller projects as much as larger pieces.

Join Bugs Bunny, Tweety Bird, Sylvester the Cat, Marvin the Martian and Tazmanian Devil in this collection that bridges the generation gap between children and grandparents alike. Visually loud and chaotic expressions in these designs work well as standalone fabric pieces or mesh well together. This collection makes for a great companion to the Space Jam 2 movie release. That's all folks!
